Non-contractual photo – Packaging illustration

02 – Product Description

NorthMed Trading Organic Extra Virgin Olive Oil – Origin Tunisia is sourced from selected and qualified Tunisian producers and partners to meet the needs of professional and international markets seeking organic olive oil.

Obtained directly from olives and solely by mechanical means, it is intended for food distribution, specialty channels, Foodservice and private-label projects.

Different organoleptic profiles, varieties, packaging formats and bulk solutions may be offered depending on the crop year, selected producer and customer specifications.

Products offered under this reference are sourced from certified organic lots. The applicable certification and documentation are verified according to the relevant producer, site, operator and lot.

03 – Organoleptic Characteristics

Appearance	Clear to slightly cloudy oily liquid depending on filtration	**Colour**	Golden yellow to green, depending on variety, ripeness and crop year
Aroma	Fresh and characteristic of olive	**Taste**	Clean and characteristic
Fruity	Present, with intensity varying according to variety and lot	**Bitterness**	Variable according to profile
Pungency	Variable according to profile	**Sensory defects**	Absence of sensory defects for the extra virgin category

04 – Physico-Chemical and Organoleptic Characteristics

Oils offered under the “Organic Extra Virgin Olive Oil” category must comply with the regulatory criteria applicable to the “Extra Virgin Olive Oil” category, as well as with the requirements applicable to their organic status. Specific analytical values are confirmed by the certificate of analysis for the relevant lot

Free acidity	≤ 0.80 %	**Peroxide value**	≤ 20.0 mEq O_2/kg
K232	≤ 2.50	**K268 or K270**	≤ 0.22
ΔK	≤ 0.01	**Sensory defect – median Md**	= 0.0
Fruity – median Mf	> 0.0	**Fatty acid ethyl esters**	≤ 35 mg/kg

Analytical characteristics may vary according to variety, crop year, producer and lot, within the applicable regulatory limits. A Certificate of Analysis (COA) may be provided for the proposed lot.

05 – Composition & Characteristics

• 100% extra virgin olive oil	• Olives from Organic Farming	• Mechanical Extraction
• Origin Tunisia	• Verified Organic Certification	• Lot Traceability

06 – Product Profile

Category	Organic Extra Virgin Olive Oil	**Origin**	Tunisia
Production method	Certified organic farming	**Aromatic profile**	Varies by variety, terroir and crop year
Fruity	Mild to intense	**Bitterness**	Mild to pronounced
Pungency	Mild to pronounced	**Filtration**	According to product specifications
